

Michigan Local Safety Project Funding

July 14th 2015 – 1:00PM to 2:30PM ET – Webinar

Overview

Did you know all locally controlled roadways are eligible to receive safety (HSIP) funding? The Michigan Department of Transportation has released the call for FY 2017 Safety Projects.

This webinar can help as you prepare your safety proposal and will provide useful tips to make your proposal as competitive as possible.

Topics include:

- Recent safety program changes
- Time of Return (TOR) Spreadsheet
- Intro to the Highway Safety Manual
- Examples of safety projects
- Systemic safety projects

Instructors

Lynnette Firman, P.E., has 8 years of experience at MDOT. Over five of those years were spent in Traffic and Safety where some of her responsibilities included pavement markings/rumble strips and Local Safety Initiative reviews. Lynnette joined Local Agency Programs in 2012 as the Safety Engineer and works to continue program progress for safety improvements on the local system.

Tracie Leix, P.E., has 13 years of traffic and safety experience, including 10 within safety at MDOT. Tracie was one of the first transportation engineers hired to work on the Local Safety Initiative. She now manages that unit and works to continually improve safety on the local system within Michigan and nationally.

Mary Crane is a Software Engineer with 25 years of experience in computer programming, and is the lead developer of the Roadsoft Safety module. She also provides technical support and helps conduct Roadsoft trainings.
