Roadsoft® *on the Road:*

November 2, 3, or 4th

On-site Tech Assist

What is Roadsoft on the Road?

Attending workshops, webinars, and calling technical support isn't always enough. Let the Roadsoft team come to you!

Roadsoft on the road provides hands-on work sessions and brings Roadsoft expertise about topics that meet your needs. Provide your Roadsoft data and what you need help with and we'll send some of the Roadsoft team to sit down with your group. Feel free to invite other agencies and groups to your work session as well.

Need help with:

- planning strategies for new millage?
- providing data for presentations or websites?
- importing, exporting, or updating data?
- using the Laptop Data Collector (LDC)?

Schedule a time:

Complete *online registration* to reserve a session on November 2nd, 3rd, or 4th. We'll do our best to fit everyone in, so please be flexible.
