

2016 ASSET MANAGEMENT CONFERENCE

Dear Conference Attendee:

Welcome to our 2016 TAMC Spring Conference; Asset Management: Beyond the Technologies, Tools and Techniques. We appreciate your attendance and we would like to thank all of our transportation agencies for their public service and all our partners' efforts in asset management daily!

I am honored to lead the TAMC and continue the efforts in asset management principles which are vital to maintaining our infrastructure. We are thankful for the condition data that is collected annually on our roads and bridges by our partners at MDOT, cities, villages, Metropolitan and Regional Planning Organizations, and county road agencies. Together as partners, we all look forward to our continued efforts to effectively and efficiently preserve our transportation networks, and to be part of the solution to improve Michigan's public infrastructure.

Sincerely,

Joanna I. Johnson
Chair
Transportation Asset Management Council
