### Instructors:

**Mary Crane** is a senior software engineer who has been with the Center for Technology & Training (CTT) since 2006. She has worked in computer programming since 1988. Her foci have been the Safety Module and the TAMC reporting processes. She also provides technical support, helps conduct Roadsoft trainings, and does technical support for the AASHTOWare BrR Bridge Load Rating software. Crane has a Bachelor of Science in Computer Science from Michigan Technological University.

**Allison Berryman** is the data support and account specialist at the Center for Technology & Training (CTT), where she began work in 2017. She is one of the first contacts for Roadsoft and IT customer support and also helps with some of the business and financial elements of the CTT. Prior to joining the CTT, Berryman worked in various management roles within Macy's food service division. Berryman earned a bachelor's degree in management and a minor in Spanish from Michigan Technological University.

\*Registration required for fulfillment of continuing education credits. The Center for Technology & Training's continuing education policy is available at [ctt.mtu.edu/ContinuingEducation](http://ctt.mtu.edu/ContinuingEducation).

No-shows or cancellations within three business days of the session will be charged the full registration fee. Substitutions will be accepted.
