*For fulfillment of Continuing Education requirements, participants must be registered. The Center for Technology & Training's continuing education policy is available [here](#).*

## Instructors

**Mary Crane** is a senior software engineer who has been with the Center for Technology & Training (CTT) since 2006. She has worked in computer programming since 1988. Her foci have been the Safety Module and the TAMC reporting processes. She also provides technical support and helps conduct Roadsoft trainings. She has a Bachelor of Science in Computer Science from Michigan Technological University.

**Nancy Moore** is a senior software engineer with the CTT, which she joined in 2005. Her work has focused on adding to the Traffic Count, Sign, Guardrail, and Safety modules. Nancy has helped with testing of major releases, code rewrites, training, tech support, and sign migrations. She has a Bachelor of Science in Computer Science from Michigan Technological University.
