Instructors

Allison Berryman is the data support and account specialist for the Center for Technology & Training (CTT). Her main focus is fielding customer support calls and working closely with tech support to resolve operational and system errors with Roadsoft and MERL. She and also helps with some of the business and financial elements of the CTT. Allison received a BS in Management along with an International Spanish Minor from Michigan Technological University.

Andrew Rollenhagen is a software engineer for the CTT, where he has worked since 2011. His foci are updates to the Laptop Data Collector, file storage, Pavement Management, and the Culvert and Bridge modules. He also provides technical support. Rollenhagen graduated from Michigan Technological University with a Bachelor of Science in Computer Science.
