**Deploy innovation in your winter maintenance program...**

Attendees have full access to a variety of technical presentations and hands-on demonstrations addressing urban and rural winter maintenance strategies, winter maintenance products and resource guides, infrastructure designs best suited for winter weather, and emergency response resources. Attendees will also have the opportunity to learn about effective communication techniques for winter maintenance teams and handling political issues involved in plowing operations.

**Connect with industry experts...**

Nation-wide suppliers of winter maintenance equipment, materials, and services will showcase the latest technologies and techniques for managing ice and snow in an afternoon exhibitor show.

**Network for success...**

Operators, mechanics, managers, engineers, directors, and superintendents involved in winter maintenance will meet peers from municipal, county, and state agencies, as well as private companies. They will also have the opportunity to share and learn new ideas.
Shanty Creek Resorts is a four-season destination resort and conference center spanning 4,500 acres with three distinct villages: Summit, Schuss, and Cedar River. Each has lodging, dining, golf, downhill skiing, and cross-country trails. It is conveniently located 31 miles northeast of Traverse City, Michigan.

Accommodations
Rooms are available for Winter Operations Conference attendees at Shanty Creek Resorts at reduced rates of $98/night per standard room (single or double) or $108/night per studio parlor (single or double). Book your room at reserve.shantycreek.com/?g=521982. Note: Tax exempt guests must provide their Michigan Department of Treasury form #3372 at the time of booking; this form can be emailed to scrreservations@shantycreek.com. The deadline for reserving a room is September 13th. Reservations made after the deadline may be subject to official resort rates.

Check-in Time
5:00 p.m.

Check-out Time
12:00 noon

Registration*
Register at ctt.nonprofitsoapbox.com/2019winterops
Per attendee through October 4th....................................................$170
Per attendee after October 4th..........................................................$200

Visa, MasterCard, Discover, and American Express are accepted. The registration fee includes access to all technical sessions as well as the exhibitor show and the outdoor equipment displays, materials and handouts, and meals and break refreshments as listed on the agenda; it does not include hotel accommodations. Please notify us in advance if you have special dietary needs.

Cancellation Policy: No-shows or cancellations within three business days prior to the conference will be charged the full registration fee. Substitutions will be accepted.

Questions? E-mail ctt@mtu.edu.

*Required for fulfillment of continuing education. The Center for Technology & Training’s continuing education policy is available at ctt.mtu.edu/ContinuingEducation.

Exhibitor Show & Prizes
Visit exhibitor booths to learn about the latest products and technologies on the market. And, enjoy hors d’oeuvres while mingling with exhibitors, presenters, and peers.

Through generous donations by our exhibitors, attendees can enter their name in the Exhibitor Show room between 3:00 and 3:45 for a chance to win a door prize! Previous years’ prizes have included a drone, a trail cam, a green-and-amber light bar, gift cards, and more! Prizes will be drawn during the Exhibitor Show. You must be present to win. Individual exhibitor booths may also have independent drawings and/or smaller swag items.

*Attention Exhibitors: Register for exhibit space or donate door prize items at ctt.mtu.edu/WinterOps (see the For Vendors tab).
The Center for Technology & Training is located on the campus of Michigan Technological University. Programs managed by the CTT include the Michigan Local Technical Assistance Program, Roadsoft, the Michigan Engineers’ Resource Library, and the Bridge Load Rating Program. The CTT’s mission is to develop technology and software, coordinate training, and conduct research to support the agencies that manage public infrastructure. For more information, visit ctt.mtu.edu.
