

Introduction to Roadsoft

Hands-On Training

Wednesday, January 8th, 2020 8:30 a.m. to 3:30 p.m. EDT
DoubleTree by Hilton Hotel Bay City - Riverfront, 1 Wenonah Park Place, Bay City, MI 48708

Training Topics:

- Map interface, legends, filters, and reports
- Layer imports and exports
- Road, Sign, and Culvert modules
- Information collection with the Laptop Data Collector
- Introduction to Safety Analysis and using crash data
- Managing your Roadsoft data
- Overview of other modules (as time permits)

You will need:

- Laptop with the latest version of Roadsoft installed**
- Microsoft SQL Server installed locally
- A database created on the laptop

**If you need the Roadsoft software, please email roadsoft@mtu.edu or call CTT at (906) 487-2102. Also, if you do not have access to a laptop computer, please contact us. The CTT office has a limited number of laptop computers available for reservation.

Questions? Email ctt@mtu.edu

Instructors:

Nick Kozykowski is a senior software architect that joined the Center for Technology & Training (CTT) in 1999. He is a lead developer with Roadsoft and is also oversees other CTT software development projects including the Michigan Engineers' Resource Library (MERL) and Thawcaster.

Allison Berryman is the data support and account specialist at the CTT, where she began work in 2017. She is one of the first contacts for Roadsoft and IT customer support and also helps with some of the business and financial elements of the CTT. Prior to joining the CTT, Berryman worked in various management roles within Macy's food service division. Berryman earned a bachelor's degree in management and a minor in Spanish from Michigan Technological University.

**Registration required for fulfillment of continuing education credits. The Center for Technology & Training's continuing education policy is available at ctt.mtu.edu/ContinuingEducation.*

No-shows or cancellations within three business days of the session will be charged the full registration fee. Substitutions will be accepted.
