*Accommodation requests related to a disability should be made by ten business days prior to the event to [ctt@mtu.edu](mailto:ctt@mtu.edu).*

*Michigan Technological University is an Equal Opportunity Educational Institution/Equal Opportunity Employer that provides equal opportunity for all, including protected veterans and individuals with disabilities.*

### Instructors:

**Luke Peterson** has been a principal programmer for Roadsoft with the Center for Technology & Training (CTT) since 1999. He is the lead developer for the Laptop Data Collector (LDC) software and for Roadsoft's Sign, Culvert, Guardrail, Driveway, Sidewalk, and project modules. He is also involved with the development of modules for the Roadsoft Mobile app. Peterson graduated with a Bachelor of Science in Management Information Systems from St. Cloud State University.

**Mike Pionke** is a Senior Software Engineer who has been with the CTT since 2005. His focus is on pavement modeling and asset management and he was instrumental in redesigning the Project Planning and Selection Tool and the Pavement Deterioration Curves. He has B.S. and M.S. degrees in Mathematics from Michigan Technological University.

*\*Registration required for fulfillment of continuing education credits. The Center for Technology & Training's continuing education policy is available at [ctt.mtu.edu/ContinuingEducation](http://ctt.mtu.edu/ContinuingEducation).*

*No-shows or cancellations within three business days of the session will be charged the full registration fee. Substitutions will be accepted.*
