ROADSOFT USER GROUP

ONLINE MEETING

Your feedback makes a difference! Roadsoft is customer-driven, so your suggestions for new features and improvements help decide the direction of Roadsoft development. If you have an idea, attend the meeting and share your thoughts. Roadsoft improves when your new and innovative ideas are shared with our development team.

The purpose of the Roadsoft User Group is to discuss progress on the Roadsoft 2022 work plan and, perhaps more importantly, to discuss ideas for the 2023 work plan.

The Center for Technology & Training has compiled a list of feature requests gathered throughout the year and will be presenting the list for customer feedback and comments.

Date Offered:

September 1, 2022
