TAMC DATA COLLECTION TRAINING

2022 PASER

Data Collection Training

The Center for Technology & Training is bringing you online and in-person options for completing your PASER training this year.

For more information about the Pavement Surface Evaluation and Rating system or the Inventory-Based Rating (IBR) System™ for rating unpaved roads visit Michigan TAMC, PASER Resources, or read about CTT training here.

2022 Training Dates

PASER Class 1

Class 1 covers distress identification for asphalt, concrete & sealcoat roads and sets the foundation for the PASER visual rating system.

PASER Class 2

Class 2 is an intro to the PASER system. It includes TAMC updates on data collection & council updates, rating rules and tips, interactive rating exercises on asphalt, concrete, and sealcoat roads.
