Registration Deadline: April 2, 2025

Asphalt Pavement Pre Production Meetings Explained

Event Date: April 3, 2025

Event Time: 12:00 PM - 1:00 PM (ET)

Preproduction meetings are essential for ensuring a smooth and successful asphalt paving project. This webinar will break down the key aspects of these meetings, including who attends, their roles, the meeting's purpose, key discussion topics, and necessary coordination efforts. Learn how these meetings help align expectations, prevent issues, and improve project efficiency.

Nonstandard Asphalt: Sport Courts, Trails, and More

Event Date: May 7, 2025

Event Time: 12:00 PM - 1:00 PM (ET)

Not all asphalt is created equal! Join us for a lunch and learn session exploring nonstandard asphalt and how it differs from traditional paving mixes. We'll discuss why these specialty mixes are needed, the types of applications they're best suited for (such as sport courts and trails), availability, and key specifications.

Hot Mix Asphalt (HMA) Sampling and Testing

Event Date: April 29, 2025

Event Time: 12:00 PM - 1:00 PM (ET)

Join us for an informative webinar on Hot Mix Asphalt (HMA) Sampling and Testing, where we will explore essential testing methods used to ensure the quality and performance of asphalt pavement. This session will cover key topics, including: asphalt pavement test methods, test equipment, interpreting results, importance of testing, and identifying and preventing issues. Whether you're an engineer, contractor, inspector, or technician, this webinar will provide valuable insights into the role of HMA testing in achieving long-lasting, high-quality asphalt pavements.

Instructor: Chuck Mills, P.E. - Director of Engineering

Chuck joined the Asphalt Pavement Association in 2005 as the Director of Engineering. Chuck works closely with MDOT, other public and private pavement owners and APAM members to provide high quality asphalt pavements. Chuck received his Bachelor of Science in Civil Engineering from Michigan State University. Prior to joining APAM, Mr. Mills served jointly as Director of Technical Services for the Michigan Infrastructure & Transportation Association (MITA) and the Michigan Pavement Association (MPA).
