

# 2026 Basic Math for Wastewater Operators 2-Day Workshop (MI)

## ABOUT THIS TRAINING WORKSHOP

Wastewater math is essential to ensure wastewater plants and processes are running properly. Along with a strong understanding of proper process characteristics, understanding and being able to perform wastewater calculations allows operators to optimize and make proper adjustments to their wastewater processes. Operators and other wastewater workers will develop the skills they need to perform the required math in their everyday duties.

## REGISTRATION & EVENT DETAILS

**Event Dates:** April 9<sup>th</sup> & 10<sup>th</sup>, 2026
