

ENGINEERING SOFTWARE LEARNING OPPORTUNITIES

Event Details

Date: October 5, 2026

Time: 12:00 PM - 1:00 PM (ET)

Cost: FREE

To register, please visit our [registration page](#).

Registration Deadline: October 4, 2026

CENTER FOR
**TECHNOLOGY
& TRAINING**

Bentley[®]
Education

Webinar Overview

The Center for Technology & Training has partnered with civil engineering faculty to develop learning modules that bridge the gap between classroom theory and hands-on software experience. Bentley Education provides the educational software access that forms the basis for these modules.

In this free webinar, faculty members will demonstrate how to easily integrate these pre-built modules into existing syllabi, homework, or computational labs. These modules may also be interesting to working professionals who are branching into new areas of expertise.

Intended Audience

- Civil engineering faculty and students
- Transportation agency engineers/technicians
- Anyone interested in learning about OpenRoads™ Designer, OpenBridge® Designer, MicroStation®, SYNCHRO™ Pro, or PLAXIS® 3D

Presenters

Chris Gilbertson, PhD, PE
Center for Technology & Training

Julie VanPortfliet
Bentley Systems

Zack Fredin, PE
Michigan Technological University

Michigan Technological University is an Equal Opportunity Educational Institution/Equal Opportunity Employer that provides equal opportunity for all, including protected veterans and individuals with disabilities.
