NACE LEGISLATIVE PRIORITIES

- Permit and Approval Process Streamlining
- Increased Federal Funding
- More Opportunities for Direct Funding
- Safety

NACE Strategic Safety Goals

- From TZD Implementation:
 - Participation in Strategic Highway Safety Plans (SHSPs)
 - Data Collection and Analysis
 - Development of Local Road Safety Plans (LRSPs)
 - NACE received a Road to Zero Grant from the National Safety Center to help with the implementation.
 - Held workshop at NACE Conference as first step in Developing LRSPs

Local Road Safety Foundation

(Coming Soon)

Vision: A local road system free of fatalities

The LRSF is dedicated to reducing fatalities and serious injuries on the local road network. Through collaborative partnerships in outreach and education, the foundation exists to empower local road owners in developing and implementing road safety programs.

LRSF Objectives

- Monitor local road safety data
- Facilitate the dialogue between all governmental entities and safety partners
- Promote local participation in the SHSP process
- Promote noteworthy local practices
- Provide access to locally focused professional development
- Empower local road owners to develop local road safety plans

Communication

- How can we better serve our members thru communication?
- How can we promote and increase exposure for the good work our members are doing?
- How can we effectively voice our priorities to elected officials and agency personnel?
